

WE BRING IT ALL

TOGETHER

WE BRING IT ALL TOGETHER

The Edu-Source Corporation's (Edu-Source) goal is to aide, support and promote your school district's food service department by "creating atmospheres that inspire."

We do this by understanding the importance of turn-key design concepts, tailored solutions for each school and bridging the gap between possibilities and implemented federal food program funding opportunities. We believe our proven expertise and product offerings will provide game-changing strategies within your food program coupled with cutting-edge, modern atmospheres that you, your students and community will love.

From concept planning to installation, our highly-qualified team, stream-lined project management, cost effective solutions and in-depth knowledge of the Food Service Program, enable us to be the only qualified choice to transform your cafeteria into an atmosphere that inspires. We bring it all together!

EXPERIENCE THE EDU-SOURCE DIFFERENCE

What makes us different from other competitors are the four pillars of service we stand by:

1. We bring it all together
2. We bring high-quality customer service and expertise
3. We implement the next generation of food service solutions
4. We employ game-changing strategies and analytical capabilities

TAILORED FOOD SERVICE PROGRAM SOLUTIONS

We offer tailored solutions to meet our customer's time lines, budgets and expectations. We offer techniques and activities for building student excitement to anchor success. Due to our in-depth knowledge and company tenure we offer solutions that will promote fluency and help navigate any policy and budget challenges within the federal food program policy and Texas regulations. Our local presence provides real-time access to a wide array of expertise and project monitoring which allows for visibility for key milestones. We also bring advanced analytics to increase revenue, student experience and nutritional value. Our multi-year planning strategies align current budgets with future investment program goals. Knowing that financial sustainability is crucial we help identify pathways for budget cycle independence and tie in ways to help drive student participation.

EXCLUSIVE MANUFACTURE PARTNERSHIPS

Interior Systems, Inc. (ISI) is an **exclusive** turn-key manufacturer for Edu-Source providing creative product, interior design, custom artwork, project management, delivery and installation in the state of Texas and Oklahoma. Our exclusive partnership with ISI focuses on creating captivating, inspiring atmospheres that adhere to each school's time-frame and budget. The Edu-Source team will coordinate logistics for all phases and exercise leadership during your entire project phase.

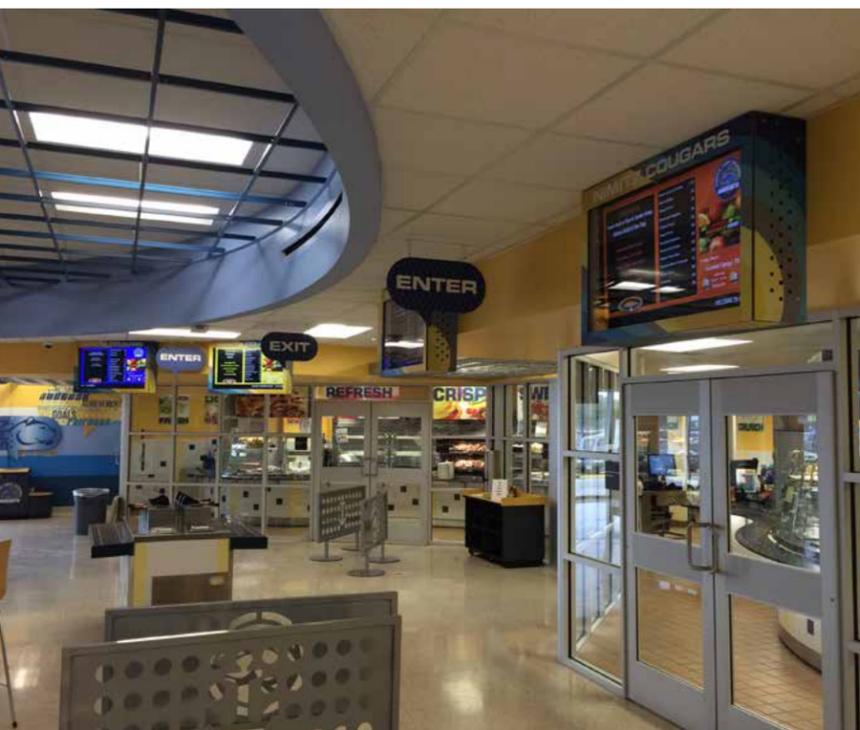

SERVICES AND PRODUCTS THAT INSPIRE

We understand that your goal is to expand the nutritional and social value for each student in your district and surrounding community, yet who says you can't look stylish while doing it? Edu-Source provides services and products designed for the commercial food/restaurant industry rarely offered to schools. Together with our partners we strive to bring solutions that creatively draw students into your cafeteria space while working within your district's budget. Above all, it's our mission to provide floor plans designed to inspire students to take pride in their education, school and community.

NEXT-GEN FOOD SERVICE PROGRAM SOLUTIONS

Our services and products do not just "look" smart but integrate the modern technology and functionality. We are constantly researching the newest innovations that bring opportunities that allow for student interface and advanced biometrics for future anticipated food logistics. We help cut the cord on expensive outdated systems and harness the power of cost effective, user-friendly smart-phone/device systems. Our objective is your objective to help save your school district money while also providing the best overall quality experience.

EXAMPLES OF PRODUCT OFFERINGS

QUEUE-LINES

Why settle for boring? You have the vision, we have the design. All of our ISI queue-line products are customized to fit your specific needs and school decor.

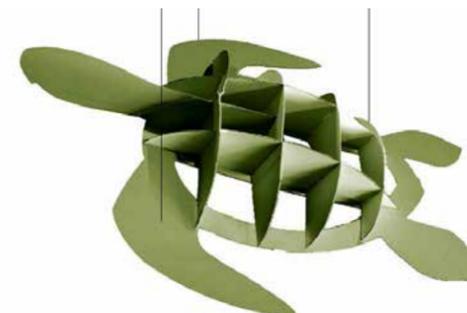

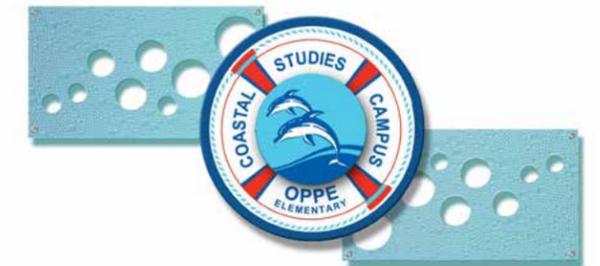

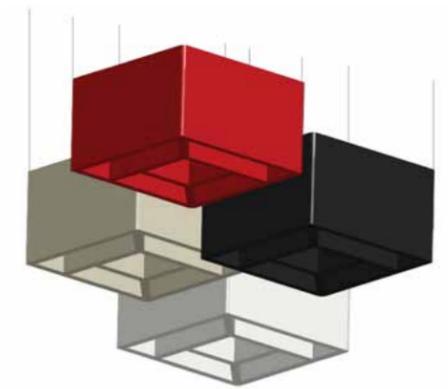

MARKETING & BRANDING

Make your school district standout! Working along side our partners, ISI, let us bring to life creative marketing and branding packages that can fit any budget.

ART & DECOR (DINING ROOM)

Let us connect you to customized options that will captivate students, drawing them to the cafeteria. ISI's marketing elements promote school spirit, inspire and motivate students to reach for the stars!

EXAMPLES OF PRODUCT OFFERINGS

ART & DECOR (SERVING LINE)

Having trouble getting students to the serving line? Our exclusive design partners focus on getting kids motivated to eat healthy. State-of-the-art restaurant grade graphics will not only capture their attention but assist in marketing your program.

SPECIALTY ITEMS

Thinking outside the box is what we do. Want something no other school district in your area or even state may have? Ask us how we can help! Check out these most recent ISI specialty items:

FOOD TRUCK SERVING LINE

COMING SOON: FOOD BUS CONCEPT

OUTDOOR

We have solutions to increase cafeteria participation. The outdoor products we offer not only maximize seating but are stylish and durable for the outdoors.

EXAMPLES OF PRODUCT OFFERINGS

FURNITURE (CHAIRS)

Modern, luxury, sleek: all words that usually don't go with school cafeteria. Yet our HUGE selection and exclusive partnerships offer options NO OTHER company can bring to you. Remodel your cafeteria with a layout even a modern restaurant will envy! Please look at a sampling of a few options we have.

EXAMPLES OF PRODUCT OFFERINGS

FURNITURE (TABLES, MOBILE FOLDING)

Looking for standard mobile folding or customized tables? Look no further, we have it all. Ask to see the variety of table possibilities we offer while working along side our partner SICO America and our exclusive partner Interior Systems, Inc.

WE BRING IT ALL TOGETHER!

The options are endless when you choose Edu-Source for your cafeteria needs. Here is just a snapshot of some possibilities.
